4. BEFORE YOU PUT THE BACKUP AWAY

- ☐ The seed phrase is legible, and all 12 or 24 words are present, spelled correctly and in order.
- ☐ A wallet restored from the backup alone shows the same first receive address (and xpub) as the original.
- ☐ The passphrase wallet has been tested, if you use one.
- ☐ The metal copy has been tested, not only the paper.
- ☐ Any test device has been wiped.
- ☐ The backup is back in its secure place.
